

Marching Band Assessment Committee Report
April 2015

The marching committee has been busy e-mailing and meet during the All-State event. The following items have been or are currently being discussed.

1. Judges List

-Names can continue to be submitted throughout the year and will be voted on at VMEA Fall Conference for use the following year.

-Judges panels will be released for the upcoming season with a balance of in state/out of state and active/retired at each site

-Website will be updated with judges and sites soon for the membership to review

-Judges pay is being discussed to make it equitable, recommendation is to try to balance # of bands per site. Committee is looking into what might be a good number at each site.

2. Event Fees

-Would raising fees help with costs of the event?

-Committee recommends trying to reduce costs in other places again this year instead of trying to put more cost on the membership.

3. Membership on the committee

-Still trying to get membership from every district.

-atleast 1 from each district and 8 at large

4. Next formal meeting will be at VMEA Conference in the Fall.
