New business: District 8 Marching Band assessment - Hunter Kopczynski

District 8 will be working on a proposal to bring to the executive board asking they be permitted to host a District 8 Marching Band assessment. Hunter Kopczynski is going to gather relevant information to determine who will attend, how that attendance will affect current sites, who will fund the site, what judges will they use for the assessment.

Committee membership requested a vboda document detailing the duties of site coordinator, host, and marching band and how the marching band fee is dispersed.

Invite Denny to next marching band committee meeting.

Write description of jobs.
